

Příloha 3: SEZNAM KLINICKÝCH DIAGNÓZ PODLE MEZINÁRODNÍ KLASIFIKACE NEMOCÍ (ICD)

AIDS TO CODING CLINICAL DIAGNOSIS CLASSIFICATION PARTICULARLY IF ICD CODES ARE USED
("x" refers to all codes after the decimal point)

clinical class. (26)	ICD9 code	ICD10 code	Example Condition	clinical class. (26)	ICD9 code	ICD10 code	Example Condition
0		G51.0	Facial paralysis	5		C79.3-8	Malignant neoplasm of spinal cord, coccyx/sacrum, nerve root, secondary
0		G80.x, G83.9	Cerebral palsy, spastic paralysis			C70.1, C79.4	Malignant, benign and unknown behavior neoplasms of membranes
		A87.0, G02.0		5		D32.1, D42.1	Benign and unknown behavior neoplasms
0		G03.0, G03.9	Aseptic meningitis			D16.6-8,	
0		G00.x	Bacterial meningitis	5		D48.0-2,D36.1	of spinal cord, coccyx/sacrum, nerve root
0	323.x	G04.x	Encephalitis, myelitis, encephalomyelitis #	5		S24.1, S34.4	Spinal cord injury, hematoma
0	48	A88	Other viral infections of central nervous system, not elsewhere classified	5		G06.1	Spinal epidural abscess
0	49.9	A89	Unspecified viral infection of central nervous system (CNS)	6		T63.4	Tick paralysis
1	45.x	A80.x	Acute poliomyelitis	6		9	Inflammatory and toxic polyneuropathy
1	232.2	G12.2	Polioencephalitis-inferior (progressive bulbar palsy; motor neuron disease) ##	6	985	T56	Toxic effect of metals
2	357.1	G01.0	Gullain Barré Syndrome	7	340	G35	Multiple sclerosis
2	341.9	G36	Other acute disseminated demyelination	7	344.8	G83.8	Other specified paralytic syndrome *
2	341	G37	Other demyelinating diseases of CNS	7	356	G60	Hereditary and idiopathic neuropathy
3	323.5	G04.8	Post infection myelitis	8		B75	Trichinosis
3	323.9	G37.3	Transverse myelitis	8		M60.0, M60.1,	
4	353	G54	Nerve root and plexus disorders (ICD10=traumatic neuritis)	8		M61.1	Myositis
4	354	G56	Mononeuropathies of upper limb (ICD10=traumatic neuritis)	9	342	G81	Hemiplegia *
4	355	G57	Mononeuropathies of lower limb (ICD10=traumatic neuritis)	9	344.x	G82.x & G83.x	Plegia *
4	355.9	G58	Other mononeuropathies (ICD10=traumatic neuritis)	9	344.0	G82.x	Quadriplegia *
4	956.0	S74.0	Traumatic neuritis (sciatic nerve)	9	344.1	G82.x	Paraplegia *
4	956.1	S74.1	Traumatic neuritis (femoral nerve)	9	344.2	G83.0	Lower Diplegia *
4	956.9	S74.8, S74.9	Traumatic neuritis (unspecified nerve of pelvic girdle and lower limbs)	9	344.3	G83.1	Lower Monoplegia *
5		C41.2, C41.4	Malignant neoplasm of spinal cord, coccyx/sacrum, nerve root, primary	9	344.4	G83.2	Upper Monoplegia *
		C47.9		9	344.5	G83.3	Unspecified monoplegia *
				9	344.6	G83.4	Cauda Equina Syndrome *
				9	359.9	G72.8	Flaccid muscle paralysis
				9	781.4	R29.8	Transient paralysis of a limb
				9	337	G64	Other disorders of peripheral nervous system

if not associated with paralysis

if poliovirus associated, code 1

* if flaccid, not spastic; otherwise, not AFP (code 0)
